

Dear Provider:

We are pleased to introduce an exciting new electronic payment process, which we are implementing in partnership with Pay-Plus Solutions®, Inc. (PPS). This alliance provides us with the latest in secure ePayment technology in an effort to accelerate and add efficiency to our claims payment process.

The EBMS Business Advantage of Partnership with Pay-Plus Solutions®:

- Enhanced security because checks are not being sent through the postal system where they may be lost or stolen.
- Streamlined claims processing with a standardized and simpler method to decipher detailed EOPs.
- Consolidated payments from multiple Payors, resulting in less paperwork.
- Fewer checks clearing your account, which can mean lower bank fees.
- Eliminate bank deposits or lockbox fees because fast and secure payments are pushed directly into your designated bank account or through your credit card terminal.
- Import payment data for more accurate posting.

EBMS-Pay-Plus® Partnership offers several options for receiving electronic payments:

- Pay-Plus® Select: Using a MasterCard Merchant Account, electronic payment is made via a terminal and re-loadable credit card.
- Pay-Plus® SelectPlus: Combines a reloadable virtual MasterCard with the electronic presentment of matching EOPs and related data via a secure web portal. A daily consolidated Payors' payment is automatically "pushed" to the Providers' merchant account.
- Pay-Plus® Direct: Combines the Pay-Plus® Private Payment Network with the electronic presentment of matching EOPs and related information via our secure web portal. Each day, Pay-Plus® delivers consolidated funds directly into the Provider's bank account.

After the initial set-up, there are *no changes or set-up programming requirements*. All remittance information is available 24/7 via www.ppsonline.com and can be downloaded into a PDF, CSV, or standard 835 file format.

For any additional information or questions, please contact Pay-Plus® Customer Service Department at (877) 828-8770.

We hope you are as excited as are we about improving the claims payment process. Together with our Pay-Plus® partners, we look forward to the opportunity to add efficiency and speed to the payment of your claims.

Sincerely,

Sondra Arnold
